

# LAKSHYA JANGID

Software Development Engineer

thelakshya31@gmail.com | +91 7877941075 | Mundra (Gujarat)

LeetCode | Portfolio | CodeChef | LinkedIn | GitHub

## EDUCATION

Indian Institute of Information Technology, Vadodara (IIIT-V)

Computer Science B.Tech

CGPA: 7.46

Gandhinagar

August 2023 - April 2027

## EXPERIENCE

**P2PExperts | Software Development Intern** Chatrapati Sambhajnagar, Aurangabad | May 2025 - July 2025

Contributed to the **Ariba C++ & JavaScript** Project, part of the companys cloud-based procurement solution.

Gained hands-on experience in enterprise-level cloud systems and procurement workflows.

## SKILLS

Programming Languages: C++, Python, HTML5  
Libraries/Frameworks: React.Js, Node.Js, Tailwind CSS, Express.Js  
Tools / Platforms: VS code, GitHub, Vercel  
Databases: MongoDB, MySQL

## PROJECTS / OPEN-SOURCE

**Jigyasa Online Survey Platform | Link**

*MERN, Chart.js, JWT, csv-Parser, Tailwind CSS*

Developed a full-stack web app for creating and analyzing online surveys. Integrated dynamic charts (pie, bar, heatmap) for data visualization and enabled Excel export for response analytics.

**PyroShield Firestation Dashboard | Link**

*React, Node.js, SQL, Tailwind CSS*

Built a real-time dashboard to monitor incident reports, track fire vehicles, and manage inventory. Designed clean UI and efficient backend APIs for timely emergency responses.

**Chat Web App Group Messaging | Link**

*EJS, Express.js, Node.js, MongoDB, Socket.io*

Created a real-time chat platform with persistent storage, group messaging, and user authentication. Leveraged Socket.io for low-latency communication.

## CERTIFICATIONS

- Software Development Intern - **P2PExperts**

## HONORS & AWARDS

- **1st Rank** CodeChef Weekend Dev Challenge 08 (React Projects) Awarded 1st place by solving React development problems and building efficient UI/UX solutions.
- Problem Solving / DSA Solved **600+** **Data Structures & Algorithms** problems across platforms (LeetCode, CodeChef, HackerRank, GeeksforGeeks).
- **LeetCode** Solved 350+ problems, improving algorithmic thinking and coding speed.
- **CodeChef** Achieved 2-Star Coder rating, actively participating in long challenges and cook-offs.
